DIRECTORY OVERVIEW

What's inside

Healthcare Programs

Management, administration, informatics, quality and occupational health & safety across the healthcare enterprise.

128

Hospitals Programs

Hospital operations, medical documentation, quality systems, finance and the administrative core of the facility.

064

Nutrition Programs

Clinical, sports and public nutrition — from foundational science to specialist and consultancy practice.

034

Therapy Programs

Manual, physical and complementary therapy disciplines for practitioners, instructors and rehabilitation teams.

018

General Programs

Clinical practice, nursing, emergency care, diagnostics and allied specialisms across the wider health workforce.

084

01

Reference codes

Every program carries a permanent reference code — discipline prefix plus sequence, for example **HC 001**. Quote this code in all enrolment and accreditation correspondence.

02

Delivery formats

Programs are available in-person, live-online and blended, and may be delivered in-house for hospitals, ministries and corporate training departments.

03

Certification

Completion is recognised with an Institute certificate and a verifiable digital credential issued in the learner's name.
